

Regional Maritime Security Challenges and Opportunities for Governments and Industry

Clipper House, Sundkrogsgade 19, 2100 Copenhagen, Denmark

October 6, 2015

This full day seminar is organized by Danish Shipowners' Association, Oceans Beyond Piracy, and Risk Intelligence. Participants and speakers from both public and private sectors are invited to jointly identify and discuss the most pressing maritime security challenges faced by industry and governments in regions around the world today. The goal of the seminar is, with the assistance from invited expert speakers and interaction between the audience and presenters, to identify practical and concrete solutions to how regional maritime security challenges may be addressed.
