

INVITATION

Naval Team Denmark, Danish Maritime and MARCOD invite you to join the strongholds of The Blue Denmark's northern cluster on Tuesday 7 October 2014

Experience first-hand units of the modern and flexible Royal Danish Navy and meet the shipbuilders, naval architects and companies presenting their well-proven design, products, equipment, systems and know-how for modern navies requiring flexible solutions for an unpredictable future.

In the afternoon there will be company visit at the newly updated and sophisticated engine test centre of MAN Diesel & Turbo in Frederikshavn. Afterwards there will be a company visit at Alfa Laval Aalborg where their brand new test and training centre in Aalborg provides the unique opportunity of experiencing the machinery room of a full-size commercial vessel.
