

## Regional Maritime Security Challenges and Opportunities for Governments and Industry

Clipper House, Sundkrogsgade 19, 2100 Copenhagen, Denmark

October 6, 2015

This full day seminar is organized by Danish Shipowners' Association, Oceans Beyond Piracy, and Risk Intelligence. Participants and speakers from both public and private sectors are invited to jointly identify and discuss the most pressing maritime security challenges faced by industry and governments in regions around the world today. The goal of the seminar is, with the assistance from invited expert speakers and interaction between the audience and presenters, to identify practical and concrete solutions to how regional maritime security challenges may be addressed.

**About the Seminar Organizers:**

**The Danish Shipowners' Association** was established in 1884 and is a trade- and employer organisation for more than 40 shipowners and two offshore companies, working as a collective point for the Danish shipping industry in relation to the authorities and decision-makers nationally and internationally. More information at: <https://www.shipowners.dk/>

**Oceans Beyond Piracy (OBP)** is a privately funded and independent non-profit project located in Colorado, USA. OBP was launched in 2010 with the intent to develop a response to maritime piracy through mobilizing stakeholders from the maritime community. More information at: <http://obp.ngo/>

**Risk Intelligence** is a Denmark-based security risk intelligence company providing advisory services to private and government clients around the World since 2001. Risk Intelligence clients operate more than 12% of the World fleet. More information at: <http://www.riskintelligence.eu/>
